Simple Invoice Invoice Sales Order

CASH Credit Term

ipay88 Debit Card

Choice E-Wallet type and Scan QR barcode.

Customer Present QR code, Cashier Scan it, either 1D or QR barcode also acceptable.

Note: The barcode scanner must be capable to scan screen barcode, like imager scanner. Laser scanner is not able to read screen barcode. QR scanner is recommended for faster to capture.

Once success, transaction is finish and receipt will be printed with Transaction ID.
